DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents

1. The reply filed on April 24, 2006 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant did not include a listing of the claims readable on the elected embodiment [as noted in the previous office action]. See 37 CFR 1.111. As a courtesy, it is noted that applicant is arguing the requirement as being improper relative to a restriction requirement. The examiner notes that the requirement was a request to elect a single disclosed species [not inventions]. The species are preferably identified as the species of figures 1, 2, and 3 for example. In the absence of distinct figures to identify the species, the mechanical means or other distinguishing characteristics of the species should be conveyed for each species identified. If applicant is uncertain about current USPTO restriction practices, a review of M.P.E.P. 809.02(a) may be beneficial.
2. Since the above-mentioned reply appears to be bona fide, applicant is given ONE (1) MONTH or THIRTY (30) DAYS from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James O. Hansen whose telephone number is 571-272-6866. The examiner can normally be reached on Monday-Friday between 8-4:30 pm. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Lanna Mai can be reached on 571-272-6867. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
